Q4 FY22 & FY22 Performance – Company Highlights

Company

- The Company delivered a solid all-round performance in FY'22 growing by 36% YoY (2 year CAGR of 14%) on the back of a fully disrupted Q1, a demand resurgent strong Q2, a buoyant festive Q3 and a flattish Q4 due to Omicron induced waves, gold price volatility and a fragile geo-political situation
- Q4 FY22, though disrupted twice, did not dampen the demand significantly with Watches, EyeCare and other businesses growing YoY and Jewellery seeing only a slight decline (customers adopting a wait & watch approach)
- The scale induced operating leverage and benefits of previous year programs of 'War on Waste' led to the best ever profit for FY22; An ex-gratia totaling to INR 72 cr was announced in Q4 FY22 for rewarding everyone working in the Titan ecosystem (employees, off-roll workers, karigars etc.) for this achievement
- The Company also introduced a Voluntary Retirement Scheme (VRS) in Q4 FY22 for its long service employees. An exceptional one-time cost of INR 51 cr (fair value) is included for all people opting for the scheme.
- The PAT margins, after accounting the above, is still at best levels seen in the last 5 years

Q4 FY22 Performance – Key Segment Highlights – (1/2)

Jewellery

- Q4 FY22 was flattish YoY (post adjusting for a large B2B order in the base quarter) with demand deferment seen due to gold price volatility
- While walk-ins saw a minor decline, ticket sizes grew 3% YoY; Conversion% remained healthy
- Studded revenues grew 7% YoY and ratio in the overall mix improved by ~400bps; Plain segment declined by 4% YoY
- The impact was also visible in the wedding category with ~9% YoY decline in revenues; Other categories, however grew by 2% YoY thereby cushioning the overall impact
- Golden Harvest enrolments continued to be robust witnessing growth of 24% YoY
- EBIT margins at 12.7% (170bps higher YoY) were due to better studded ratio in the overall mix

Watches & Wearables

- Division grew 12% YoY amidst a challenging external environment with key channels of Titan World & LFS exhibiting healthy double digit growth rates of 13% and 17% respectively.
- Growth in the quarter was entirely value led with volumes remaining flattish YoY
- All of Titan brands including Fastrack, Sonata, Xyllys etc. together grew 12% YoY; West and North regions saw much higher growth amongst geographies
- Over 44 Titan World stores were renovated to a new format to offer a wider choice of premium brands enhancing the overall customer experience
